

At Bar K, we want our guests – human and dog – to live joyful, healthy, active, engaged lives. To that end, we are pleased to offer this “healthy casual” seasonal menu. Our beef comes from cattle that are handled compassionately and fed a high-quality corn-based feed. Our chicken is raised on organic pastures and fed non-GMO local crushed whole grains. You will not find any pork products on our menu, because we recognize that pigs are highly intelligent, social creatures very much like dogs. We continually strive to source locally and ethically, reduce waste, and minimize our impact on the earth while simultaneously providing the highest quality food and service.
